Who We Are &
Why Your Booking Matters

Based in the heart of Manchester and performing for over 50 years, we're known for combining world-class musicianship with a warm, human, and adventurous spirit.

Alongside our award-winning performances, we are a registered charity and we believe deeply in the power of music to change lives, both on and off the stage.

That belief has led us to host the UK's first Centre of Excellence for Music and Dementia, impacting thousands through free Music Cafés across Greater Manchester.

We invest in the future through our Camerata 360° Ruth Sutton Fellowship, giving early-career musicians real-world experience at the highest level. And we work in schools, embedding creativity across the curriculum and putting music at the heart of young people's lives.

By choosing Camerata for your event, your booking directly helps us fund:

- **Music in Mind** – our award-winning music and dementia programme, supporting people living with dementia, their families, and carers.
- **Creative projects for children & young people** – giving access to music-making, confidence-building and mentoring opportunities.
- **Training and opportunities for the next generation of musicians** – championing new talent and nurturing early-career artists.

So, when Camerata performs at your event, you're not only creating a beautiful, unforgettable moment – you're also helping someone experience the power of music in a life-changing way.
